2. Instances have come to the notice of Government that many Actual Users, particularly D.G.T.D. Units, approach the licensing authorities over and over again for inclusion of items in their R.E.P. licences on the basis of the same A.U. licence. It has been decided that requests for inclusion of additional items in a R.E.P. licence, whether on the basis of an A.U. licence or on the recommendation of the Sponsoring Authority, may be made at the time of applying for the R.E.P. licence and, in any case, only before its issue. If additional items are sought to be included on the basis of an A.U. licence, which has been issued to the applicant after the issue of the R.E.P. licence, such requests may be made within a period of one month from the date of issue of the A.U. licence and only in one lot for all the items sought to be included on the basis of that licence.
